

## Armor Edge Colors

Albatross durable, water-resistant Armor Edge optional finish is now available for an range of tables, student desks and combo units.

Armor Edge forms a seamless, chemically bonded seal that prevents food particles from lodging in table-top edges. As a urethane-based sealant that's applied with an innovative anti-bacterial process for extra cleanliness, Armor Edge won't peel or flake; it even resists fading when exposed to direct sunlight. For years, we've offered the urethane-based Armor Edge as an option on our mobile cafeteria tables. But now, in response to customer requests, we're offering an array of kinds of table models.
