

Tablet Chair ASCS010 Specification

Features

- One-piece, injection-molded, polypropylene shell with a double contoured seat
- Waterfall edge promotes good circulation and relieves pressure points
- Shell is reinforced with ribs that allows greater flexibility for upper back while still supporting the lower back.

Frame

- Frame is molded from 1", 18-gauge tubular steel and is joined by two welded 14-gauge steel support brackets. Steel tubing runs from front to back of the seat with radius corners on front and rear for ease of sliding on carpet.
- Nickel-plated chrome or black powder coat, finishes assure long-lasting durability

Writing pad

- Desktops with T-molded edge are made by 3/4" / 1" particle board core with high-pressure laminate top or markerboard top
- Desktops with LockEdge are made by 3/4" / 1" MDF core with high pressure laminate top or markerboard top.
- LockEdge polyurethane coating is sprayed directly on to table edge surfaces, creating a permanent seal that is impervious to bacteria and moisture for easier maintenance and long-lasting durability.
- 5/8" hard plastic top

School chair

LIFETIME WARRANTY

Convenient handle makes rearranging seating easier

Seats includes 7 contoured ribs to provide flexibility and added strength
