

Boomerang desk ASD012 Specification

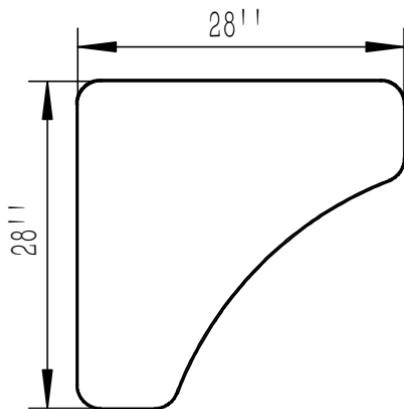

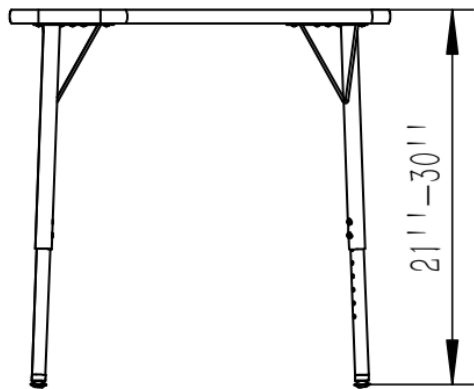

Features

- The Hierarchy Boomerang Desk offers durability and custom options made to fit any classroom setting.
- Left- and right-hand accessible desks designed for individual, collaborative, or teacher-centered activities.
- Quick assembly and sturdy construction ensure that these desks will last through one educational career to the next.
- Versatile top shape allows a variety of configurations. Choose from a variety of standard HPL laminate colors and T-mold edge band options. Custom options available.
- Top is 1-1/4" thick with tubular steel legs in black or platinum with chrome insert.
- Height adjustable legs (21" to 30" in 1" increments) allows even more flexibility. Youth height legs available for 15" to 24" height adjustment.

Top

- Desktops with T-molded edge are made by 1 1/4" particle board core with high-pressure laminate top or markerboard top
- Desktops with LockEdge are made by 3/4" / 1" MDF core with high pressure laminate top or markerboard top.
- LockEdge polyurethane coating is sprayed directly on to table edge surfaces, creating a permanent seal that is impervious to bacteria and moisture for easier maintenance and long-lasting durability.
