

Office Stool AOCAJ04 Specification

Features

- High-Performance Ergonomic Stool (300 lb Capacity):
- Professional-grade height-adjustable stool with a black finish, featuring four-way adjustable armrests that move in height, width, depth, and pivot to support various user postures. The seat includes a 25" to 35" pneumatic lift range and an integrated adjustable foot ring.
- Back Support: Equipped with a flexible backrest system that dynamically contours to the user's spine shape as they move or recline.
- Manual Controls: Includes a dedicated height-adjustable lower back support and separate dials to customize lower-back firmness and upper-back reclining resistance.
